

She's at it – again.....to Mount Kilimanjaro in Kenya

Our intrepid explorer Cherry Wright is on her travels in September. No, not Mount Everest....but to Mount Kilimanjaro. This is 2,000 feet higher than Base Camp on Mount Everest and, as Cherry herself has reminded me, she is a year older and this time, she'll be camping, at -20C!!

Instead of sponsorship on this occasion Cherry is asking for donations to Licking Lassa Fever for our last push to £80,000. If you would like to support her and LLF please give/send your donations to her or me, or do it online via the web at <http://www.everyclick.com/licking-lassa-fever/info> . If you wish to use a cheque please make it payable to 'SIWS Health Education & Hygiene Trust'. Giving permission for GiftAid would increase the amount by 20% - forms are available from me or downloadable from <http://licking-lassa-fever.org.uk/wp-content/themes/the-ideal-website-11/documents/gift-aid-declaration.pdf> .

Thank you for your support.
Kay Richmond
