

## **Region Secretaries' report May 2026**

Following their AGMs all region clubs have been contacted to complete a table of officers for 2026 to 2027 so that we can update our circulation lists. We also asked for clubs to include information about when and where they hold their main meetings. We now have most of the information and will soon be able to update our records and circulation lists.

The role share still seems to be working well. Penny responds to most of the emails and circulates information as requested by Region and Club Officers. We also circulate information about Three Region Events, currently the Three Region Boat Trip, and have also circulated a 'Save the Date' Flyer from SI Northwest England and IOM to promote their Region lunch in September.

Zoom is working and so is the Region Calendar. Sarah has 'unshared' the Dropbox folder from the old list of 84 people and carried out some minor tidying up and renaming. Still to do is uploading up to date minutes, accounts, briefings etc. Once that is done we can invite everyone in the Region to apply to have the sharing link (not just reps and officers), so they can access all the information individually. That will be some way off yet because a lot of information still needs to be collated before anything can be uploaded.
