Dear Soroptimist Friends,

On behalf of the 25,000+ members of Soroptimist International of the Americas (SIA), representing North and South America, Japan, Korea, Philippines, and Taiwan, **I BRING YOU GREETINGS** and congratulate you on 90 years of service. Your conference theme, “Standing Up for Women and Girls”, is one that represents our collective strength. Our global work has such a far-reaching effect on those we serve.

Last year, when I was in Ireland with you at the International Convention, I was so inspired by the representatives from our five Federations. My hope is that your conference is an inspiration to all delegates and that they will return to their home clubs motivated and enthusiastic about the work that we do!

**Have a great conference!**

Investing in the Lives of Women and Girls,

Ginger Cole
