

## **BREAKING THE BIAS**

**Elizabeth Harrison**

**General Practitioner**

When Elizabeth joined the St James House practice in 1969 she was the only female GP in the town—one of the male GPs refused even to speak to her! She was committed to improving women's health care and set up the first nurse-led Family Planning service in the area.

Despite a heavy clinical workload she contributed to a wide range of local charities. A founder member of King's Lynn Soroptimists she took on international roles in the organisation and, now retired, she remains an active Soroptimist and member of Unicef

*Celebrating International Women's Day*  
*8th March*
