Soroptimists Educate to Lead

As Soroptimists we focus on improving the lives of women and girls through Education, Empowerment and Enabling opportunities.

Soroptimists are committed to a world where women and girls together achieve their individual potential, realise their aspirations and have an equal voice in creating strong and peaceful communities worldwide.

Working at all levels of civil society - local, national and international - Soroptimists 'make a difference' across a wide spectrum of women's concerns.

As Soroptimists we aim to make an impact through voluntary service [our time, energy and experience]; through fundraising, publicity or lobbying; and through our international networks.

Fun and Friendship ...

... the core of Soroptimist activity. Each club runs its own programme of service and events. Each club is proud of its history and traditions – and is keen to welcome new members with fresh ideas.

So – are **you** interested in helping others while enjoying the company of like-minded women?

Do get in touch. We look forward to meeting you and telling you first-hand what we do – and why we do it. We'll welcome you in the traditional Soroptimist way ...

... in friendship.
