

**A century of women's activism and
voice in Newcastle**

Programme 2018

2018 celebrates the centenary of *The Representation of the People Act* which began the process of women's suffrage and we are marking the occasion with a month of activities (6 Feb to 8 Mar) which celebrate women's political voice and activism, honour women who are making a difference in the City and connect with the theme of International Women's Day 2018, #PressForProgress. There will be further activities happening throughout the year organised by both the Women's 100 Group and a range of partner organisations who are supporting and/or sponsoring activities.
