Christmas Shop!

Christmas is coming!!

Looking for that perfect present for the person who has everything? Looking to spread some Christmas spirit around the world? Look no further! KCF has created a series of gift cards so you can treat that special someone to the greatest gift of all - the gift of giving! Just choose the gift card you want to purchase below and make your payment using PayPal on www.kumicommunityfoundation.co.uk/make-a-donation (Gift aid is not applicable in this instance). Then email kumicommunityfoundation@yahoo.com with the name and address of your recipient and any message you would like included with the Gift Card. KCF will not retain the details of your recipient. Your gift recipients will receive a gift card telling them about their gift - and KCF will ensure that your donation is used to purchase the goat, chicken, wheelchair or prosthetic limb for a recipient in Uganda. That's two gifts for the price of one!!

£5 buys one chicken. Your chicken will be looked after by a family in Kumi, Uganda. Owning a chicken brings hope and independence. With a chicken a family can use the eggs to feed themselves, breed with other chickens and sell the offspring, and begin to build a future for themselves. So a chicken is not just a chicken - its a chance to make their life better.

£25 buys you a goat. Your goat will be looked after by a family in Kumi, Uganda. Owning a goat brings status and value. With a goat a family can breed with other goats and sell the offspring, and begin to build a future for themselves. So a goat is not just a goat - its a chance to make their life better.

£75 buys a prosthetic limb. In rural Eastern Uganda, being disabled may mean not having the opportunity to go to school, have a job, or a future. A new prosthetic limb can bring independence and dignity to disabled adults and children, giving them the ability to create a future for themselves and their families. All limbs are made in the workshop of Kumi Hospital - so your gift is not only helping a disabled person but also keeping valuable craftsmen employed.

£125 buys a new wheelchair. Being born disabled in rural Eastern Uganda often means no school, no independence and no hope. With your gift of a wheelchair a child can return to school, get an education and can work and provide for his or her family. Rather than being a burden on their families, children with wheelchairs can become an equal member of the family.

If you would like to purchase one of these gifts - see above!
