#### RECENT SPEAKERS

St. Columbanus - from Bangor to Bobbio

Professor George Blake gave a fascinating illustrated talk on the life and mission of St

Columbanus, explaining something about the politics of the times in Europe, and the differences between the Irish and Roman church and the difficulties which this ultimately caused for Columbanus. He

took us along the Columban trail to Bobbio and also spoke about St Gall who had travelled with Columbanus from Bangor but who remained in Bregenz after they disagreed about travelling on into Italy.

Professor Beale provided wonderful insights

into the lives and philosophy of these early Irish missionaries and emphasised how well-remembered they still are in many parts of Europe.

#### **Christmas entertainment and International Evening**

President Teresa introduced members of the Percy French Society who entertained us with a number of Percy French's songs both serious and humorous. This was followed by supper at which a collection was taken for the International President's Appeal.

Ann and her team provided the supper

### **Public Speaking Competition**

Fifteen girls from five schools competed. The winner was Tavisma

Sood from Strathearn School who will take part in the NI final in Hillsborough in February. Anna Carberry from Glenlola was second and third was Hanna Hewitt from Regent House.

team arranged refreshments.

### The Malta Conference and Friendship Links

You missed a treat.

On the lovely and historic island of Malta it was a privilege to represent Bangor Club.

John and I, with the Hunters, missed the company of the Bowlers as we settled into our

apartment beside the

Conference centre but we are glad all is now going well.

On Thursday evening we brought together some of the Regional Presidents from my Federation year and members of Barnstable Club giving them a copy of our 70th year book.

links followed on Monday evening with members from Glasgow City and Cork with Lisburn, Lurgan and our mother Club Belfast. Past President Alice was able to relax after her busy year.

On both occasions we were joined by

International President Yvonne and Richard, her husband from New

Zealand. She has promised to be at the North/ South Conference next year so I hope many of you who have not meet her will see her then. In between the 2 parties I arranged to have tea with Ayushi Kundu from SI Calcutta who was a recipient of a Federation grant and who was accompanied by her mother. I hope you will all enjoy her gift of tea.

Meeting up with sisters from all over the world is so worthwhile and hearing of their work and listening to inspirational speakers brings you back enthused and refreshed. Roll on Cardiff in 2017-26 to 28 October.

Joan Smyth

PS For more information about the Conference see the Soroptimist news.

An email from Maria Kidney announced the imminent rebranding of Londiani as "Brighter Communities Worldwide", and that a new pilot taking place in 4 villages in Uganda. We congratulate members of SI St Petersburg, our Friendship link club, who had recently celebrated its 25th anniversary

#### Sheelagh Simms

Joan Smyth gave a very moving tribute to Sheelagh referring to her successful career, her care for others, including over 30 years service as a member of the Bangor Hospice Support

Group, and her renowned hospitality. Sheelagh introduced Joan to Soroptimism and attended many North/South and international conferences — indeed she and Nancy had been invaluable in providing support for oan in Sydney.

Joan in Sydney.

Joan in Sydney.

Sheelagh was thoughtful and caring and a committed Soroptimist. Her 50 years of Soroptimism had been recognised at our 70th Charter lunch when she received her certificate from Immediate Past President Alice. Vi spoke about a club donation to Hospice in Sheelagh's memory. It was agreed that a donation could be made from the charity fund but that members should have the opportunity to add to this.

#### Former member Peggy Ferguson.

Ann Bagnall spoke about Peggy's outstanding contribution to Soroptimism, Jundraising for Sightsavers, for the first lift at Stricklands
