GAP OF DUNLOE FULL DAY

A tour about which words do not do justice – the Gap of Dunloe is truly spectacular!

The Gap of Dunloe is one of Ireland's most stunning natural attractions and is the pivot for a superb day out. At Kate Kearneys cottage there will be time for quick refreshments before travelling through this magical valley to the lakes by horse and trap. Sitting on the edge of Serpent's Lake is Lord Brandon's Cottage, previously a hunting lodge, and it is here that lunch will be served. After lunch boats will collect people to take them for the scenic and serene journey across the Lakes of Killarney. The boat trip ends at Ross Castle, where you will be transferred by coach back to your hotel.

MUCKROSS HOUSE & GARDENS HALF DAY

The beautiful Victorian House & Gardens of Muckross Estate are nestled in the overall 25,000 acre

National Park, although the original estate is made up of 11,000 acres. This is one of Killarney's premier tourist attractions and a tour of the house gives an interesting and real insight into life in the "Big House" as it would have been during Victorian times. The collection of decorative arts is impressive, including some exquisite examples of Killarney Oak Marketry. It truly is a nature lovers' paradise and visitors are invited to enjoy these grounds in their own time.

KILLARNEY HIGHLIGHTS HALF DAY

This excursion takes you to a combination of the popular sights in Killarney including:

1. Aghadoe - overlooking the famous Lakes of Killarney are the monastery, round tower and ruins of a 12th century castle built on this townland.
2. Ross Castle – Built in the 14th century by the O'Donoghue Clan this was the last Irish Castle to fall to Cromwellian forces. Guided tours are available.
3. Muckross Traditional Farms - Here visitors get to step back in time and visit three traditional working farms of varying size. Each farm is complete with livestock, poultry and old style machinery etc. Visitors can also take the opportunity to view a labourer's cottage, a carpenter's workshop, a harness maker and a blacksmith's forge. The houses are furnished in the traditional manner, and include such items as the dresser, settlebed and mealbin.
4. Torc Waterfall - This is a sight to behold as the water cascades over the 60ft rock face, it is even more spectacular after heavy rains when the water is gushing down to the falls from the mountains. You can ascend the flight of steps to the top of the falls for a stunning view of Killarney valley and lakes.
