

Celebrating Success conference and event at Stirling Court on Saturday 27th June 2026.

To all clubs.

As part of the above event the working group would like to include in the programme the chance for clubs to celebrate their success by showcasing their work over the last 90 years. We are looking for clubs to share work they are particularly proud of and which has achieved success. This can be a single event or an ongoing project.

We have set aside time in the afternoon session to allow a number of presentations from clubs across both regions. We could accommodate 5-6 clubs for up to 10 minutes each.

Can each club let us know if they would be interested in doing a presentation. We understand that not all clubs will want or be able to participate in this opportunity but hope most clubs will have something they would like to share with everyone.

If more clubs want to participate than we have time for the 90th working group will consider the submissions and chose a number to present on the day.

If clubs could reply to the 90th working group by the **27th of February** stating the club name and a brief outline of the project/presentation they would like to put forward this will allow the group to consider the submissions and plan the details for the afternoon session.

We will also have the opportunity for clubs to have some display space at the event and again would like to know from each club if they would like a table as the space is limited. Please also let us know if you would require display boards as we may have some available that clubs can borrow. A reply about this at the same time as the one about the presentation opportunity would be appreciated.

Please send your reply to

sisregion@gmail.com by the 27th of February 2026.

Thankyou

Marian Sapcote on behalf of the 90th working group

Ann Garvie, Aileen Eland, Patricia Davidson, Ann McCarlie, Eileen Hunter, Gameeda Barnard, Pat Carruthers, Mary Wallace, Moraig Henderson.
