<https://www.nature.org/en-us/get-involved/how-to-help/plant-a-billion/> Africa Caribbean Asia India Europe

1. <https://www.greenyatra.org> - **India**

This organisation organises tree plantation activities. They provide free saplings in schools and let the students plant and take care of them, they are now planning to expand their operations to schools across India.

2. <https://www.ishaoutreach.org/en/project-greenhands> - India

This is a project by Isha Foundation, with the goal of increasing tree plantation in the state of Tamil Nadu. The Project Green Hands aims to plant and grow up to 141 million trees across Tamil Nadu. Project Green Hands provides students with about 2000 seeds, and the students cultivate the forests through their peer-to-peer education.

3. <https://sankalptaru.org/> - India

Kickstarted in the year 2013, this is a Clean and Green Schools program with a complete curriculum.

4. <https://saytrees.org> - India

Say trees is an NGO based in Bangalore and is formed by individuals who are committed to protecting the environment. SayTrees uses the method known as the Miyawaki technique for planting.

5. <https://siruthuli.com> - India

Siruthuli focuses on including students in growing saplings across various campuses. They have recently planted over 40000 trees across the campus of Anna University as a part of their new initiative.

PLANT TREES FOR A BRILLIANT FUTURE
