

SI Southern England Region Meeting

hosted by SI Winchester and District

AWARENESS and EMPOWERMENT

Saturday 28 March 2026 at Petersfield Golf Club, Tankerdale Lane, Liss GU33 7QY

Presentation submissions

The theme of the meeting is **Awareness and Empowerment**. Our keynote speakers will be **Dawn Sanders**, former England women's rugby player, **Kate Belinis**, SIGBI President Elect, and **Helen Porter**, SI Winchester member.

During the afternoon, we will run a **PR and Communications workshop**. As part of this session, each club is invited to submit and present **one PR or communications idea** from the past 12 months (since March 2025) that has successfully captured the attention of traditional media, supporters, potential members, or other clubs through social media.

Presentations will take place prior to the start of the afternoon session and **must not exceed three minutes**. Members will vote for their preferred presentation, and a **small prize** will be awarded to the winning club.

We are particularly interested in **creative initiatives** that have sustained momentum across social media platforms. Ideally, your submission should showcase a story or idea that is **easily replicable**, enabling other clubs across the Region to learn from and adopt your approach.

If you would like to develop something new, there is still time to do so. You may wish to create an **International Women's Day (IWD)** story, press release, or social media campaign and submit the resulting outcomes.

Submission Details

- Entries should include **evidence of PR impact**, along with supporting images where possible.
- Submissions may be delivered **via slides or verbally**; however, all presentations must adhere strictly to the three-minute time limit.
- Please submit your entry to lizmbatten@gmail.com by **20 March 2026**.

We look forward to seeing your ideas and sharing best practice across the Region.
