“The digital leaders’ views on parental controls is an excellent comparative piece. Very thoughtful and it’s always good to get a young person’s perspective’

“This also highlights the need to raise awareness among parents and educators on what Snapchat is and the safety features available, including our Family Centre. I have forwarded this assessment to our Comms team for consideration too”.

And Snap said:

“Thank you so much for this informative input from your Digital Leader. Truly a savvy and informed young person. I can pass it along to our Product team. I know there are already efforts underway to make Family Centre more readily available and conspicuous, so this further underscores that need”.
