

The Gorilla Trek

Sanaya Patel

What is the Gorilla Trek?

“The Gorilla Trek is the ultimate African adventure, the students will discover and explore whilst supporting development in the incredible country of Uganda.”

Where will your money go?

- £600 will go towards my project costs (food, accommodation, travel etc.)
- £300 will go to the Ugandan wildlife authority to help their conservation efforts of the Gorilla's I will be visiting
- £1,100 will go directly to East African Playgrounds to fund their incredible work
- £1000 will be used to cover the costs of my flights, visa's and any vaccinations I may require

What a difference you'll make

£5.11 gives one child their childhood back through access to a safe, fun and child-focussed playground.

£21.83 educates a teacher on the importance of including play in education and creates a peer network for them to share their learning in.

£73.80 equips a former street child with everything they need to learn the basics of welding, from their own set of work boots through to ear defenders and glasses.

£131 teaches a community of care-givers and educators about the importance of play at home and school, as well as how to maintain their playground.

£197.61 trains a former street child for a month, helping them to become a qualified builder or welder through our apprenticeship scheme.

Creative play

What type of activities will we be doing?

In the arts program, we aim to use local/recycled materials as much as possible to increase the sustainability of the program: this also increases the creative nature of the sessions. With the play sessions we aim to use a mixture of local games as well as UK based games, as this increases the cultural exchange and brings about plenty of giggles!

Example arts session - Bottle skipping ropes, bubble makers, plastic bottle cars and paper bunting.

Example play sessions - Hokey kokey, duck, duck, goose, parachute games and Simon says.
