

The Buzz Club

Real Gardens - Real Science

We are a citizen science club, run by scientists at the University of Sussex. Prof. Dave Goulson is our Director.

The Buzz Club creates experiments that help us understand the wildlife we share our gardens with, and what we can do to conserve it. Volunteers all over the UK help us to answer these important questions.

Experiments in 2026*

We have lots of projects that run throughout the year! Even more are listed on our website:

- All are free to join
- You don't have to have any prior knowledge or past experience
- Receive clear instructions and contact information for the project lead when registering for a project

What will I get out of it?

- Learn about your local wildlife
- Take part in real science that will make a difference
- Become part of our Buzz Club Community

*These dates are a rough guide. They may differ slightly depending on staff availability.

How to get involved

Check out our website for information on:

- Our projects
- Publications
- Free online resources
- Upcoming events
- Recordings of past events
- Buzz Kids!
- and more...
