# Prices Slide Again On Dock Strike Fears

THE PAGE WITH THE

The Merchant

Hambro  
Kippers

SHARE prices were sliding again on the Stock Exchange to-day. This is the third day running that the jobbers have had their red pencils out to mark pennies and shillings off most stocks.

With a national dock strike looming up and Wall Street at its lowest level for 15 months buyers were standing well clear. But there was no rush of sellers, so the chances are that this slide will not go far.

Following the "below the market price bid" bombshell. Take-over favourites Truman came back by 2s 6d. Others slithered by up to 2s.

## GLOOMY STORES

Stores looked gloomy. Gussies "A" dropped 1s 1/4d at 63s 1/4d.

Industrials to join in the general slide included A.P. Cement, 1s 6d off Metal Box, Reckitts and Glaxo.

Eastwoods lost 1s. 3d. at 116s 10 1/2d. on doubts about Rugby's bid going through.

Motors stayed in bottom gear. Jaguar Ordinaries and Leyland ran back 1s. 3d.

## GOOD START

Despite the widespread gloom to-day's newcomer started on the right side. Great Swan Investments 2s Ordinaries, placed at 2s 7 1/2d, opened at 2s 10 1/2d, then swiftly improved to 3s 1 1/2d.

Another bright spot was Mecca Ordinaries, 1s 3d to the good at 61s 3d.

Gilts continued their downward drift and had losses of up to 5s marked with War Loan this amount lower at 255 7s 6d.

## POSTBAG

What you Want to Know

Have been told to add to my holding in Melbray Group. What is your advice?

Carry on.

Do you think Sanitas Trust are worth buying?

They seem to have promising prospects.

My Consetts have dropped to 13s. 3d. Will they recover?

Yes, but it will take time J.F.B.

## Boots Go

Marching On But Shares Fall

THERE is no pleasing some investors. Boots Pure Drug, the highly successful chain of 1,300 chemists shops, farms and laboratories, today reported record profits for the seventh year running. Yet down went the shares in the Stock Exchange by 2s. to 30s.

Group profits are £444,000 higher at £9,270,000.

The dividend however, is held at 12 per cent.

Net profits come out at £4,340,000, against £4,263,000 last time.

## Unit Boom

UNIT trust sales are booming. Since the beginning of the year new saving through the trusts has totalled £10,246,000, averaging more than £2 1/2 million a month.

Net investment in unit trusts for the year to April at £18 1/2 million was ten times the rate in the previous 12 months.

KING maker, car sale merchant bankers. assets total more than 1 dates back to 1825.

That was the year Count Joachim Hambro then 18 went to work for his father a merchant and banker, in Copenhagen.

He travelled over the Continent and America to learn about international trade. In 1839 still only 32, he came to London to set up C. J. Hambro and Son in the City.

## Backing

It gave him a backing to Count Camillo Cavour one of three Italian revolutionaries who succeeded in uniting a previously split Italy in the 1850's.

The accolade "King Maker" had its origin in London; Danish church, Greece was looking for a king.

The 18-year-old Prince Vilhelm of Denmark was on board a Danish navy boat then in London and Hambro arranged for Greek statesmen to be at the Danish church when the prince went there on the Sunday.

## Impressed

The statesmen were impressed by the prince and offered him the throne. Hambro also helped Denmark.
