

Wendy Couchman – author speaking at meeting on 18 November

Flora Twort's War: the wartime diary of a Hampshire artist

edited and illustrated by Wendy Couchman

Flora Twort was an artist in Petersfield, remembered for her sketches and painting of the town before the Second World War. Wendy Couchman, a local author and artist, will give a talk about her research into Flora's life and work.

In her talk, Wendy will illustrate her research and production process, drawing on her own creative background in the choice of the graphic novel format - the powerful combination of pictures and text to communicate the story.
